Subject: [SO-PatrolPersonnel: 4278] Re: Flock Camera System

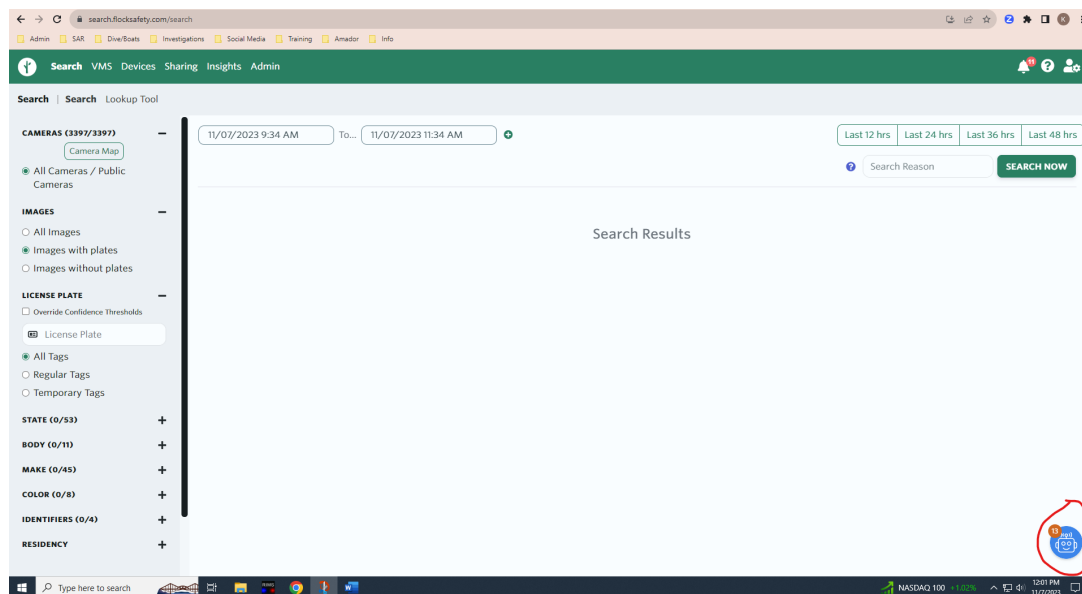

Everyone should be added to the Flock program. Please make sure you complete the training modules referenced above and either email me your cert or throw it in my box.

Thanks,

The office will be giving patrol personnel access to the Flock LPR camera subscription. I will be working on adding everyone to the system. Part of that will require a cell phone number. Please make sure that your cell phone is current in RIMS by using the database drop-down and the deputies tab. Your cell phone is listed on page 2. I will start with those, who have a cell number in RIMS, but it will take me a while to get everyone added so please be patient.

Once you receive the invite, you will need to complete the following training. Log in and you will see a robot head icon in the bottom right corner of the search screen.

Click on the icon and a pop-up will open with training modules.

Go through the training for the search module, then go to the certifications tab and take the test for that module. Once you pass the certification, Flock will email you a cert. When you get it, please forward it to me so I can add it to your file.
