Message body

Good afternoon Yori,

I am trying to see if I can get this on the agenda for the 25th. I'm hoping I can but I am not sure. I have been going over the letter I plan to submit to the board and will send it to you for review by you and your team once finalized so you can add or subtract if you want. On another note we just spoke with LensLock regarding body worn and in car cameras. To my surprise they mentioned that they partnered with you guys and will soon have the capability to have LPR built into the in-car camera. Is this correct? If it is correct, what is the projected cost from FLOCK?

Captain Jeremy Martin

Amador County Sheriff's Office

700 Court ST, Jackson, CA 95642
